

The Grove Newsletter

Dear parents and carers,

It has been lovely to finally see some hot weather this week. Although it looks like we will be back in to the low 20s next week - which will make school a little more pleasant temperature wise! Please can we ask that you send your child in with a hat and sun lotion as required.

Some of our pupils from Year 3 and 4 this week attended a tennis competition organised by the local School's Sports Partnership. Everyone had an amazing time and I would like to thank Mr Tinkler for organising for us to attend and to Mr Kingsford for going along as our extra adult. Mr Tinkler has spoken to the new partnership lead and we are looking forward to attending even more events next year.

It was great to see so many of you out supporting the Arbury Carnival last Saturday – the weather was perfect. Such events take a huge amount of organising and I am very grateful to the committee for the time they put into it and for inviting us to be involved. My thanks also go to Mrs Harwood for organising things this end and making sure that we were ready to join in and to Kettle's Yard for the amazing artistic input and help, as always.

Have a lovely weekend.

Miss Shaw

Twitch is a livestreaming service which tends to focus on gaming. Users can publicly broadcast their gameplay and commentary online for other users to watch. It's a community-driven platform where viewers can support their favourite streamers' channels through PayPal donations, "Bits" and more. Each streamer or group creates their own community for fans to interact with each other. Twitch has more than 15 million daily active users and includes non-gaming topics such as music, cooking and art. Anyone can create a channel to livestream or watch videos.

In the guide, you'll find tips on a number of potential risks such as inappropriate content, private chat rooms and strangers.
