Identified i	mpact of lockdown
Maths	 Specific content has been missed, leading to gaps in learning and stalled sequencing of journeys. Children, however, still have an appetite for maths and lockdown has not affected their attitudes however they are quite simply, 'behind'. Recall of basic skills (fluency) has suffered and children are not able to recall addition facts, times tables and have forgotten once taught calculation strategies. This is reflected in arithmetic assessments. There is a need to ensure that all children have a good visual image of the mathematical concepts as they have not had exposure to this during the lockdown.
Writing	Children haven't necessarily missed 'units' of learning in the same way as Maths, however they have lost essential practising of writing skills. GAPs specific knowledge has suffered, leading to lack of fluency in writing. Those who have maintained writing throughout lockdown are less affected, however those who evidently didn't write much have had to work additionally hard on writing stamina and improving their motivation due to the lack of fluency in their ability to write. Handwriting is less fluent compared to that seen in March 2020. This is likely to be due to children writing less during lockdown, if at all, and standards in quality not being maintained whilst away from school. (This is often seen in their children's home learning books during "normal" times.)
Reading	Many of our children accessed reading during lockdown. However, overall they are less fluent in their reading and the gap between those children that read widely and those children who don't is now increasingly wide. The bottom 20% of readers have been disproportionately affected. Those children who have access to reading materials at home read more extensively than those who would usually rely on books from school.
Non-core	There are now increased gaps in understanding and skills as whole units of work have not been taught. This means that children are less able to access pre- requisite knowledge when learning something new and they are less likely to make connections between concepts and themes throughout the curriculum. Children have also missed out on the curriculum experiences e.g. trips, visitors and powerful curriculum moments. Many children are showing less independence, academically and personally, as well as reduced concentration except for shorter periods of time.

Teaching assessment and feedback Teachers have a very clear understanding of what gaps in learning remain and use this to inform assessments of learning that are aligned with standardised norms, giving a greater degree in confidence and accuracy of assessments.	Purchase of NFER tests. Complete termly tests and identify gaps in learning. (£500) Purchase of INSIGHT Assessment Tracking; data analysis used to identify those not making accelerated progress for further support/intervention. (£750) Staff PDM to discuss the marking policy to increase % of marking alongside the child. (Use of PDM/INSET time – no extra cost) 1:1 and small group conferencing (see above for detail) (Cost covered in staffing noted in Section 1)	 Gaps in knowledge and skills are identified across the curriculum and planning is adapted to cover these. Evidence of progress is seen in all work books across the curriculum, with a key focus on reading, writing and maths. Data shows that the majority of children are working within the scheme of work for their chronological age by February 2021. 	HO/ES	July 21
<u>Transition support</u> Children who are joining school from different settings, who are beginning their schooling with The Grove or are returning after lockdown have an opportunity to become familiar and confident with the setting before they arrive.	Fortnight phonecalls from teachers to their current classes through May/June/July to keep in touch. (£100) Zoom meetings and phonecalls offered to all children with their new teachers in July 2020. (see above cost) Transition video published for all new to Reception children in July 2020. (No cost – in school production) First week of term – PSHE units looking at dealing with what we have felt, seen and learnt during lockdown (Jigsaw PHSE Units). Routines re: behaviour and relearning revisited during the first ½ term to provide children with the secure routine and understanding that the boundaries have not changed.	 School effectively meets the needs of children presenting with emotional health concerns through a staged pastoral approach, including referrals to Blue Smile, and high quality PSHE teaching. Attendance will be at least in line with pre Covid 19 rates as children and their families feel safe to be in school and their emotional needs are met. 	ES	Ongoing

 Development of the pastoral and nurture provisions in the school. Mental Health Training for Assistant Head (£228) Drawing and Talking training for Pastoral TA and FSM (£540) Nurture resources for Pastoral TA. Increased access to Blue Smile through having 4 therapists on site weekly. Staff are able to drop in to see Maddie during the day should they wish to talk to as well. (£5400) For new families and children looking at The Grove during the academic year 2020/21, a virtual tour of The Grove Primary School is arranged and shared with all new-starters. Additional time is made to cover the teacher so that they can have a virtual meeting with their new starter so that the child is confident in joining. (£1600) 	Total budgeted cost	
		15,579.50

Desired outcome	Chosen action/approach	Impact (once reviewed)	Staff lead	Review date?
<u>1-to-1 and small group tuition; intervention programmes</u> Identified children will have significantly increased rates of progress in an identified area through high quality first teach as well as specific support in small groups and 1:1 situations.	Use of International Dyslexia Learning with identified children to need to further develop their reading and spelling skills. (£100) Targeted support identified from Pupil progress Meetings in Year 5/6 in English and Maths on a Wednesday/Thursday and Friday mornings during Autumn term. (Review December 2020 and new target groups identified for Spring 2021 for 2 x staff). (£2100)	 Gaps in knowledge and skills are identified across the curriculum and planning is adapted to cover these. Evidence of progress is seen in all work books across the curriculum, with a key focus on reading, writing and maths. Data shows that the majority of children are working within 	KH ES ES/KR	Feb 21 Feb 21
	Class based interventions in place across the school using the current staff team. Data analysis and Pupil Progress Meetings in October used to identify children. Review December 2020. (£1500)	the scheme of work for their chronological age by February 2021.		

Reception/Year 1 will be involved in the NELI project for communication and language starting in Spring 2021. (£150)	ES/SR	
 Targeted reading for individuals and small groups. Spring 2021 onwards – further 1:1 and small group intervention from HO, SR, EC; 1:1 conferencing (initial focus on Year 6). Small group: Y5/6 maths and English targeted groups during Wed/Thurs/Fri am (EC) Phonics intervention for Y1 identified group – 5 x 20 mins with HO From Spring 2 – Y1/2 maths and English targeted groups with SR. 	ES/HO	
 (£6000) Supply teacher (KR) to cover 2 x PPA afternoons to release HO to: Undertake 1:1 and small groups teaching Release teachers for 1:1 conferencing (focus in Y5/6 initially.) (Cost covered in section 1) 	ES/HO	
	Total budgeted cost	£9850

iii. Wider Strategies				
Desired outcome	Chosen action/approach	Impact (once reviewed)	Staff lead	Review date?
Supporting parents and carers				
Children will have greater opportunities to access learning at home. Home-learning opportunities will not always require parents to engage with the activities, affording the children greater independence and increasing the likelihood that parents can sustain home-learning.	Additional online learning resources will be considered for Spring 2020, such as Bug Club to support children reading at home and the Spelling Shed so that children can practise spellings at home. (£200)	 Appropriate learning is provided to children whilst not at school so gaps do not widen significantly. 	ES/HO	Feb 21
Children have access to appropriate stationery and paper- based home-learning if required so that all can access	1-day home-learning paper packs are printed and ready to distribute for all children. Stationery packs are to be			Feb 21
