Dear children and families,

What a strange week it has been weather wise! One day we are all enjoying the warmth and sunshine and the next taking shelter in a thunder storm. Please can your child bring a coat to school on the grey days as we will still be heading outside to do activities in the light rain.

We are still chasing the refund for all our parents of children in Year 6 who had paid for the school trip this term. As soon as we have more information, we will let you know. We are going to do our best to get the money back to you this side of the summer break, but we are reliant on the company sorting out their finances.

You may have heard on the news this morning about the Government's intention to give schools some more money to support vulnerable children in catching up on their missed schooling. There is no further information from the Government at this moment in time, but it does look like this funding will come into school next academic year. We have been making our own plans to ensure that we can support each child on their return to school which includes keeping the current 10 class structure. I am hoping to be able to include our plans for next year's classes in my newsletter next week.

It is lovely to hear that the children, who are not at school, are enjoying their fortnightly phonecall with their current class teacher. We are now starting to put our classes together so children in current Reception, Year 1, Year 4 and 5 will be asked to name five children, from their year group, who they would like to be with next year. We will make the promise that they will be with one child from their list. Once our class lists are finished, you will get a letter saying which class they are in and which teacher they will have.

It has been a week of wildlife development here. Our pond is truly alive and brimming with various creatures and we had a swarm of bees decide to take a rest break in one of our Cherry Trees too!

Have a good weekend,

Miss Shaw
